Cut out the pictures. Glue them in the right order.

```
graph LR; 1[1] --> 2[2]; 2 --> 3[3]; 3 --> 4[4];
```

The diagram illustrates a four-step process flow. It consists of four rounded rectangular boxes arranged horizontally. Each box contains a large number at the top and a label at the bottom. The boxes are connected by arrows pointing from left to right, indicating a sequential process.

- Box 1: Number 1, Label First
- Box 2: Number 2, Label Next
- Box 3: Number 3, Label Then
- Box 4: Number 4, Label Last

Cut here:

A diagram of a 1D lattice with four sites. The sites are represented by four adjacent rectangular boxes. Each box contains a large bold number in the center and a smaller number below it. From left to right, the boxes are labeled with large numbers 4, 1, 2, and 3, and small numbers 4, 1, 2, and 3 respectively. The boxes are separated by vertical dashed lines, and the entire row of boxes is enclosed in a larger dashed rectangular frame.
